Press Release – Ultra Trail do Marão’ 2026

Ultra Trail Marão 2026: The Adventure is Back!

The 9th edition of the Ultra Trail do Marão (UTM) is back in a big way, from 27 to 29 March 2026, to challenge trail running lovers in one of Portugal's most imposing and breathtaking mountain ranges: the Serra do Marão. This event, which has already established itself as one of the most eagerly awaited on the national calendar, promises a unique experience, full of challenges and breathtaking landscapes.

UTM 2026 stands out for its diversity of distances, allowing athletes with different levels of preparation to take part. This year's main event is once again the dreaded 120K, a competition that tests participants' endurance to the limit and which, in addition to its prestige, offers qualifying points for the 2027 Western States 100. In addition to this, runners can choose between the 60K, 40K, 25K, 15K distances or the 6K charity walk.

Although each of the distances departs from different municipalities, the epicentre of the event remains in the charming city of Amarante, known for its natural, cultural and historical riches, as well as the hospitality it offers to all who visit. Bathed by the River Tâmega, Amarante has been the home of this event since its first edition, and is once again preparing to enthusiastically welcome all participants.

All the competitive distances (except the walk) score points for the ITRA, UTMB Index and ATRP.
